

What you need to do while you are in a wage subsidy job

I am writing to you because your jobcentre has informed us that you are employed in a wage subsidy job.

The benefit card

There is no need to fill in the benefit card (*ydelseskort*) during the months with wage subsidy. Your payment will come directly from your employer.

But remember that if your wage subsidy starts or ends in the middle of a month you need to fill in the benefit card for these months. Please choose the activity *løntilskud* on the days where you receive wage subsidy.

Remember the same things as you are used to as unemployed

Even though your payment comes from your employer during the time you are employed in a wage subsidy job, the period will still be a part of your unemployment. This means that you use hours from your right to benefits while receiving the wage subsidy.

You must continue applying for minimum 1-2 jobs per week and updating your job log on "Mit AKA" so that you apply for at least 6 jobs during a period of 4 weeks.

You also need to continue coming to meetings with us and the jobcentre and checking job proposals on jobnet.dk each week.

Inform us if the jobcentre exempts you from applying for jobs

Your local jobcentre can choose to exempt you from applying for jobs and attending meetings with us during your employment in a wage subsidy job. You still need to attend meetings with the jobcentre and accept jobs that they find for you.

Your jobcentre must write in "Min plan" that you are exempted and you have to inform us about this. We do not get this information automatically.

You can apply for mileage allowance if you travel more than 24 km per day

If you are in a wage subsidy job with a public employer you can apply for mileage allowance by filling in the form [ansøgning om befordringsgodtgørelse](#).

If you are employed in the private sector you are not entitled to mileage allowance. In this case you can inform SKAT about your travelling on your tax return. Read more about this on [skat.dk](#).

Contact us if you want to stop your wage subsidy

If you wish to end your wage subsidy job I strongly recommend that you contact us or your jobcentre before doing so as this might influence your right to benefits.

You are always welcome to call us on 3395 0395 if you have any questions. You can also send us a message from your self-service or email us on kontakt@aka.dk.

Good luck with your new job, I hope it leads to a permanent position.

Kind regards
